Retired U.S. Army intelligence officer, Major Stephen Coughlin, presents a master class in this not-to-be-missed three-hour dissection of the ideological war that is being waged against our Western society and its traditions. Renowned as the “red pill” briefer of the U.S. DOD Joint Chiefs of Staff who brought clarity to the Sharia underpinnings of the War on Terror post 911, and fired at the behest of Muslim Brotherhood forces for doing so, Major Coughlin applies his analytical powers to help us understand how the seemingly inexplicable and irrational changes in our society can be happening.

Coughlin explains the crucial concept of “dialectics” as a form of information warfare. He elucidates how the ideas of Marx were based on the theory of knowledge of 19th century philosopher Georg Wilhelm Hegel whose thoughts inspired the Frankfurt School’s expression “Aufheben der Kultur,” meaning to negate or destroy all traditional thought. This negation is occurring in our own society in the form of “cancel culture.” The negation of our culture is implemented through Maoist “Lines of Effort” (LOEs), including “global warming” to destroy our industries and feminism to destroy our families.

As false narratives and outright lies explode like bombs all around us, we find ourselves distracted and confused to the point of paralysis as an ideology of negation eats away at our way of life and its hard-won freedoms. Coughlin posits that, until we see this political and information warfare for what it is and follow the arc of its bombs and missiles back to their source, we will destroy ourselves with our misplaced compromises and suicidal empathy.

There is much in this video presentation that deserves the rapt attention of all freedom-loving persons and most who make it through this brief will want to go back and watch it a second time. Such is the power of the transformative

Possibly it's just me, as I'm an oddbod. This to me is exceptional even brilliant and necessary information, spoiled by poor presentation and adverts at the start. I'd suggest that, "again, just my take", but that 90% of people won't watch it long enough or with enough concentration to realise that this is exactly what's happening to our lives. An excellent post BTW D', and no criticism of that, it's just that I feel that it could be presented way way better.

You are not an oddball as far as I know mate. Normies and NPC's [Non Playing Characters, a gamer term] are far far odder in reality, and they are the big majority in our society

We don't need a majority of us to wake up and resist though, just a decent minority, as covid proved. And our numbers are growing all the time, many normies have had their eyes opened by covid. Certainly here in God's own country where I live. I see and hear evidence every day. Which I do my best to back up by simple non specific statements and consequent questions. I gave up preaching ages ago because it is so unproductive.....

So we can prevail, and we will because they need a big majority to consent to prevail. And they won't get it. Ever the optimist...

I've not got 3 hours today, maybe later. But the text is enough for me because it is all out in the open if you known where to look. And I've read a LOT of stuff that backs this up. Fabian, Tavistock Frankfurt etc. The project has been running since mid 1800's latest, probs even longer. These nutters plan long term

Yes, I realise all this, Ian, but decided in the end to put it out there just because I feel it should be made available. I felt if I did not, then I would be, in effect, hiding it from the few who might value the information?

Yes I knew everyone on here is very aware, and as I mentioned in the comment, I know it's a great post, and thanks for that D'. I just get frustrated trying to reach normies, and this has so much potential in explaining it to them. They know everything is crazy, but won't accept an explanation from the likes of me, they don't think anyone ordinary like them would know what's at play here. A few reassuring words from TV confirming that we're crazy, and their sleeves will be rolled up to please the bosses, while I'm avoided as a weirdo, so no disrespect, and thanks Pete and Danceaway.
